

At [St Margaret's School](#), we can offer you a first class education in our girls-only Senior School. Our results are very good for A Level - [80% A/B](#). If you have the potential to do well, then we work with you to get the best possible grades for you.

Most of our girls achieve the grades they need for their first University offer and if you are good enough for Oxford or Cambridge, we are also experienced in these applications and extra tests such as BMAT as well.

As well as study in our Senior School, you will be able to take part in Mathematical challenges and Olympiads - we are giving opportunities for entry into Science Olympiads as well this year.

Speech and drama is available as is a wide range of musical tuition and opportunities to perform in school concerts and in assemblies.

If you would like to take part in the Duke of Edinburgh scheme, then the school is the best in the county.

With only a few overseas girls, you will be immersed in the English language and your speaking and understanding will improve rapidly. You will study for IELTS so you can apply to British Universities.

You will have the opportunity to be matched to a host family who will be able to offer you an insight in English life and customs. They will welcome you as one of their family and you will have your own room and desk. All meals will also be provided.

Exeter

[Exeter](#) is a city in the south west corner of England in a county called Devon. This county is very popular as a holiday destination as it has fantastic beaches, sea, and wild moors where you can walk and see the wild ponies roaming around.

As you would expect, the [shopping](#) in Exeter is magnificent and it is a huge shopping centre with the shops all in the same place. There are also many cinemas, theatres and sport centres. [The University of Exeter](#) itself is also close.

If it is possible for you to visit our city centre school then we would be delighted to see you.

Sheila Cooper

Headmistress
